Sir:

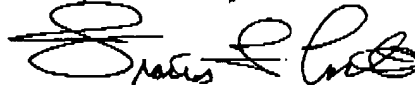

In the office action dated as mailed on 08/02/02 the examiner in para. 1 has refused to consider the IDS filed 08/14/2000 citing Rule 98.

However, the citation of the listed co-pending patent application complies fully with Rule 98(b)(3), which does not require "date and place of publication" as the examiner erroneously contends.

Accordingly, applicant hereby requests that the IDS now be considered fully by the examiner, and that the office action be re-started under MPEP 710.06 for defective office actions.

MPEP sections 707.07; 707.05(g); 707.05(b); and 707.07(g) also apply to prevent piecemeal examination and protracted prosecution.

Respectfully submitted,
